

Unpaid Internship in Market Research in Life Sciences (remote, 30-40%)

Who we are:

LS² is a non-profit organisation, dedicated to promoting Life Sciences in Switzerland, within the scientific community as well as towards the public. LS² is the successor of the USGEB (Union of Swiss Societies of Experimental Biology). One of our main activities is the LS² Annual Meeting, which brings together Life Scientists of all career levels, from Academia as well as the Industry in one of the biggest Life Science Meetings in Switzerland. LS² aims at advancing the careers of young life scientists: We provide travel fellowships to PhDs, organize LS² satellite meetings, career development, and educational workshops. We are based in Switzerland, with remote work possibilities.

The position

We are seeking a highly motivated INTERN (30-40%) for 3-4 months, starting from August 2022 or as agreed upon. Working hours and working location are flexible. The tasks of the intern are:

- To conduct market research within the Life Sciences industry
- To identify companies conducting scientific research in Life Sciences
- To gather contact information of the industry representatives
- To summarise and structure information
- To participate in online meetings

What we are looking for:

- A proactive and motivated student (Bachelor/Master) from **Life Sciences** or **Medical** fields, who is interested in discovering the work in a non-profit organisation.
- Education related to **Molecular and Cellular Biosciences, Physiology, Proteomics, Autophagy, Systems Biology, Cardiovascular Biology, Microscopy, Bioinformatics, Biophysics, Ion Channels and Membrane Transporters** is a plus
- Knowledge of the most common computer programs (Excel, Word)
- He/ She has an affinity (no prior knowledge necessary) for communication and organisational tasks and likes to be involved in a small team.
- Good communication skills in English, German and/or French is a plus
- A self-organized person who can work on certain tasks independently.

What we offer:

- Remote working environment with flexible working hours
- Develop your workstyle with little supervision
- Experience in Market Research in Life Sciences
- A reference letter based on your results
- A free invitation to the LS² Annual Meeting 2023 in Zurich (15-17 February 2023)

If interested, please send your motivation letter and CV in a single pdf-document to info@ls2.ch, with a position name in the subject line. In your motivation letter, please answer 3 questions:

1. From which Life Sciences/Medical field are you?
2. How would you plan your independent 8-hour workday in this position?
3. What is the most interesting fact/achievement in your career?

Please submit your application by the 20 July 2022.
