Info: www.swisspharmtox.ch

Dear colleagues,

It is our pleasure to invite you to the Annual Spring Meeting of the Swiss Society of Pharmacology & Toxicology, which will be held in person on **April 20, 2023**. This year's topic will be **Ageing**.

The meeting will connect researchers interested or working in the fields of experimental pharmacology, clinical pharmacology, clinical, experimental or regulatory toxicology, and in pharmaceutical medicine. The structure of the program will allow each discipline to present their field and its perspectives. A key objective of the conference is to promote interactions between academic, clinical and industrial sectors. Not the least, we expect that the meeting will provide to our younger members insights into the broad and rapidly evolving spectrum of pharmacology and toxicology as well as unique opportunities for personal contacts in the field.

Confirmed speakers:

- Zhihong Yang, Fribourg
- Alejandro Ocampo, Lausanne
- Constantinos Demetriades, Köln
- Hendrik Scholl, Basel
- Ferdinand von Meyenn, Zürich
- Hans-Georg Hofer, Münster
- Heike Bischoff-Ferrari, Zürich
- Vakil Takhaveev, Zürich

Venue: Inselspital Bern, Auditorium Langhans

Language: English

Registration/ submission of abstracts: Please send registration form and abstracts (as applicable) to Hugo Kupferschmidt sspt.meeting@gmail.com

Deadline for registration/abstract submission: February 27, 2023

Abstract/poster information:

Topics: Scientific contributions to any fields of pharmacology and toxicology (not restricted to ageing)

Format: Max. 1 A4 page, 2.5 cm border around text block, font: Arial (≈600 words or 4000 characters incl. spaces). **Composition:** Title, authors, affiliations, text (grouped in *Background, Methods, Results, Discussion, References*, if applicable).

Prizes:

The best poster and best young investigator presentation will be awarded by the **Novartis Prize**. This award is funded by a donation of the *Novartis Institute for Biomedical Research* (NIBR).

Additionally, the **SSPM Award**, created in 2021 for young professionals, will honor the best poster in the area of Pharmaceutical Medicine.

The **Bürgi Prize** will be announced for the best original publication addressing a problem in the fields of Experimental or Clinical Pharmacology. Solely/exclusively papers published after January 1st, 2020 or accepted for publication at the time of application will be considered. The applicant should be first author of the publication and not older than 35 years. Please submit documents (publications) together with a recommendation letter of the scientific team leader until **February 28, 2023** to Prof. Dr. Andrea Huwiler, Institute of Pharmacology, University of Bern, Inselspital, INO-F 3010 Bern, E-mail: andrea.huwiler@pki.unibe.ch.

CME Credits: SSCPT: 6 credit points; SGPM/SwAPP: 8 credit points.
